
Make a Film Abroad!

with Outside the Lens & MFF School

CROSS-CULTURAL
NARRATIVE FILM WORKSHOP

9TH-12TH GRADE
BOSNIA - HERZEGOVINA
2 WEEKS / AUGUST 11-24

Outside the Lens and the Mediterranean Film Festival are proud to present MFF School, a creative cross-cultural filmmaking exchange fostering the importance of digital storytelling among youth while exploring the universal language of film.

This immersive 2-week program connects US high school students with local students and professional filmmakers from Bosnia-Herzegovina. Students will collaborate to write, shoot, and edit a short narrative film, which will premiere at the opening night of the Mediterranean Film Festival. US students will also have the opportunity to stay with a local family and participate in photo film excursions exploring the rich culture and natural beauty of the region.
